The Polaroid Macro 5 Camera

Designed by dentists. Designed for dentists.

What kind of cameras do dentists need? They need it all – intraoral, extraoral, advanced settings, point-and-click simplicity, affordability. So we asked leading dentists from around the country to help us design the Polaroid Macro 5 camera. The result? A camera based on the same attributes you appreciate in basic dental tools: lightweight, portable, easy-to-use, completely versatile.

See for yourself how the Macro 5 camera can help you:

- Document dental procedures more accurately
- Expedite claims through more efficient communication with insurance companies
- Ensure that patients feel great about the work you do
- All instant and affordable!

OTHER FEATURES INCLUDE:

Control Pad: Two built-in electronic flashes may be operated independently or together
Viewfinder: Single lens reflex (SLR) with grid screen
Lenses & magnification: Built-in lenses eliminate need for attachments; magnifications of 0.2X, 0.4X, 1X, 2X, 3X are achieved simply by turning a dial.
Polaroid color film: Type 990 (recommended), Spectra or Grid Film
Picture size: 4 x 4.06 in. (Image area: 3.6 x 2.9 in.)
Limited Warranty: One year

Purchase a Macro 5 Camera and receive:

The Polaroid PP46d Digital Photo Printer

Creating photographic prints from your digital camera's memory card has never been easier, thanks to the new Polaroid PP46d photo printer. It lets anyone turn digital files into durable high-quality 4" x 6" prints in less than two minutes through a dye sublimation thermal transfer process (four-pass). Designed for stand-alone use, the PP46d can also print from a computer through a USB connection, giving you the flexibility to edit images before printing.

THE RIGHT CHOICE FOR HEALTHCARE NEEDS.

With its compact design, ease of use, extensive printing options and professional strength durability, the PP46d can serve a wide variety of applications. It's an ideal resource for dentists, dental labs and specialists – anyone who needs to turn digital files into photographic prints easily and quickly!

- Fits easily into your work environment - even on the road
- Easy to use, even for beginners
- Adobe, PhotoShop, Album Software included

- Stand Alone Capability to print just from your memory card, plus the flexibility to print from a computer.
- Printing options to suit your needs – including five multiple formats and five split-print formats!
- LCD display panel lets you preview images – and view printer menu options.
- Sleek, compact design fits – and goes – anywhere.
